Welcome to the 3rd Annual Production Sale at Crazy K Ranch. On behalf of everyone at Crazy K Ranch, we would like to formally invite you to join us April 9th for a great Angus weekend.

As you look thru the sale offering, you will find progeny from some of the premiere cow families in the Angus breed. In this offering there will be progeny out of cornerstone females from our operation. These cornerstone females include SJH Complete of 6108 1564, G A R Objective 1885, and 2 Bar Mile High 9360. We feel these genetics along with many other exciting young females offered, can make an impact in any herd in America.

All females in this offering have genomically enhanced EPDs, using the Zoetis HD50K test. With this tool we can use cutting edge genetics that help us and the Angus breed excel more every year. So with the accuracies this tool gives us, you can make your selection with more confidence.

We would also like to thank Toby and Tammy Owens of 2 T Cattle for cosigning some great cattle for this years offering.

We look forward to seeing you at the sale, Saturday April 9th. We also encourage you to join us Friday night, April 8th for great food and live music. If there is anything we can do or for questions, feel free to contact us anytime.

Sammy and Sherry Kiser

Welcome Angus Friends,

Crazy K has become one of the leading seedstock Angus program in the nation. Sammy, Sherry, Charlie and family love the Angus business and everyone is invited to attend the Crazy K Female Production Sale on April 9th at the farm, Michie, TN. at 11 a.m. Be sure to come on Friday evening to inspect the cattle and enjoy great fun, dinner and entertainment at 7:00 pm.

Super people make up the Angus business and Sammy, Sherry and Charlie certainly are certainly "super people". Their goal has always been to breed and develop the best Angus cattle possible. Many of the breed's leading donors reside at Crazy K and progeny of those females grace the pages of the sale book. The entire family is involved in the operation and you can be assured that friendship, honesty, integrity are the basis of the family as well as the cattle they produce.

You'll find the most progressive genetics in the breed offered on April 9th. Lot 1, Rita 5004 is an exciting young daughter of the very popular VAR Discovery and her dam is the daughter of Rita 6108, Complete of 6108 1564. Selling half interest in this outstanding January 2015 heifer. Lots 1A-C completes the family of "1564". One will be impressed with lot 2A, selling one-half interest with option to double, Fanny 5023 will bring value to any program, a daughter of one of the most sought after families, Mile High 9360. Another feature of this year's sale, Lot 3, Rita 4706 a fall bred heifer sired by 10X tracing to the high valued donor female, Objective 2345.

One will find tremendous depth of quality and pedigree throughout the sale.  
An outstanding selection of fall bred heifers, fall & spring calving cows with calves at side.

The April 9th will be a great Angus day!! Everyone is also invited to attend the Shady Brook Angus Sale in Leoma, TN starting at 5:00 pm. The Santini family has been in the business a long time, are great friends and the Shady Brook program is revered throughout the breed. Join us for this great Tennessee Angus weekend. If we can be of service in any way, please give us a call.
